## FOURTEEN AUSTRIAN TOWNS CAPTURED BY THE ITALIANS

Gunboats on Lake Garda Aid the Invaders in a Flanking Movement.

ARMY NORTH OF TRENT.

Italians Continue Their Advance in the Isonzo Valley Toward Trieste.

GENEVA, via Paris, May 28.—The Italians are continuing their advance into Carinthia. They have taken three of the lower mountain passes and fourteen villages.

Italian forces, supported by gunboats on Lake Garda, have captured several hills to the north of Mount Baldo. Their object is to flank the Austrian fortifications at the mouth of the Adige River, and also to advance on Mori. Two Austrian aeroplanes attempted to bombard the Italian gunboats on the lake, but they were driven off.

The new 75-millimeter Italian guns, said to be an improvement on the French model, are reported to have been used with conspicuous success. At a point in Carinthia they are said to have silenced an Austrian battery served by Bavarians.

An Italian Lieutenant with eighty-five men in a passage of the Agno Valley held at bay for one hour a company and a half of Bavarians, armed with Maxim. Italian artillery finally arrived and scattered the Bavarians. The Lieutenant had been killed.

The Italians are bringing up heavy guns and are attacking the Austrian forts along the Tyrolean frontier.

The Italians have captured Col. Thoma, near Montebello, which is being bombarded. They continue their advance in the Isonzo Valley. Most of the fighting now is on Austrian territory. The Austrians are said to be mounting more guns in the Alpine passes facing Valtellina.

Large forces of Austrians and Germans are assembling in the vicinity of Bozen, about thirty miles north of Trent, where they will be formed into the Twelfth Army Corps.

MILAN (via Paris), May 28.—The military authorities assumed control of Milan to-day on account of disorders during the last few days. The chief purpose of the military is to protect Germans and Austrians, against whom there have been demonstrations of increasing severity. Attacks have been directed against their property as well.

Gen. Spingardi, who is in charge of the troops, issued a proclamation saying that he would enforce the law "with inflexible firmness."

ROME (via Paris), May 28.—A successful raid upon the Trieste-Nabresina railroad by a squadron of Italian hydro-aeroplanes, together with the occupation of additional Austrian territory along the Tyrol frontier and on the Friuli front are reported in an official statement issued by the Italian War Office. An artillery battle is raging between the Italian fortified positions on the Trentino front and those of the Austrians. The official statement follows:

"On the Tyrol-Trentino front an artillery combat continues between our fortified positions and those of the enemy at Tonale and on the Asiago Plateau. To the north we have extended the territory occupied up to the mouth of the Chiese River, in Lake Idro, and have occupied the rugged, mountainous zone extending between Lake Idro and Garda."

"During the night of the 26th-27th a squadron of hydro-aeroplanes raided the enemy's territory, throwing bombs on the Trieste-Nabresina Railroad, causing damage and, it is believed, interrupting the line. In spite of the violent musket and artillery fire of the enemy, the squadron returned safely."

**RUSSIAN ADMIRALTY DENIES A REPORT OF BATTLESHIP TORPEDOED.**

PARIS, May 28.—The French Minister of Marine to-day gave out an official announcement which reads as follows:

"The Russian Admiralty denies categorically the Turkish official announcement according to which the Russian battleship Panteleimon was sent to the bottom in the Black Sea by a submarine. The day when this

was supposed to have happened the Panteleimon was in a Russian port, and no vessel of the Russian Black Sea squadron had been either sent to the bottom or wrecked."

The announcement referred to in the foregoing despatch came from Constantinople by way of Berlin and London on the 26th of May. It set forth briefly that the Russian battleship Panteleimon had been torpedoed May 22 near the entrance to the Bosphorus by Turkish submarine.

Led Killed by an Auto.

Ordered from the rear of an auto truck on which he had been stealing a ride, Andrew Young, eleven years old, of No. 136 Mosker Avenue, Williamsburg, stepped in front of an auto operated by Harry Martin of No. 238 Ainslie Street at Kingsland Avenue and Lombardy Street and was run over and killed.

## PARIS REPORTS MORE GAINS; BERLIN CLAIMS REPULSES

French Assert that the Enemy Battle at Ablain Is Still Raging, Was Defeated at Many Points of Line. Says the German War Office.

PARIS, May 28.—French troops stormed and occupied German earthworks near Bouchez in a brilliant charge that resulted in the capture of a number of prisoners.

The fighting in this region and everywhere north of Arras continues with uninterrupted violence. Around Ablain the French artillery drove the Germans out of several strongly fortified farm houses. Near Angres, a vigorous German onslaught encountered a rain of shells that sent the enemy reeling in retreat leaving several hundred dead and wounded on the field.

The text of the War Office statement follows:

"The counter attacks of the enemy against the positions taken by us near Angres continued last night, but were repulsed by us."

"At Ablain-St-Nazaire our troops yesterday followed up their offensive movement with distinct success. Masses of the cemetery, they took possession early in the night of all the groups of houses nearby, but especially of the personnel, which had been strongly protected by the enemy. Subsequently they took by assault the German trenches along the road which runs from Ablain-St-Nazaire to Moulin Macon, to the southeast."

"Here they were subjected to a violent counter-attack during the night, but they held all the ground in their possession and they inflicted heavy losses on the enemy. At the break of day they moved out in an easterly direction and they took possession, in the direction of Bouchez, of an important German work—called the Fort Des Quatre Boqueteaux. Here the fighting was very spirited, and the enemy suffered a serious check. The number of prisoners reported yesterday evening is considerably over 400 and includes seven officers. We captured in addition about twelve machine guns."

"This morning, at the taking of the fort, we made some more prisoners. The exact number has not yet been reported. We also captured some war material."

"The bombardment reported yesterday by the Germans from Bouchez and Bouconfort continued all night long, but it was not followed up by an infantry attack."

"In the environs of the forest of La Frette we delivered an attack yesterday evening which resulted in our gaining ground. At the same time we took 60 prisoners, including several officers."

"There has been nothing new on the remainder of the front."

**HOLLAND FILES PROTEST AGAINST GERMAN AIRMAN'S ATTACK ON A TRAWLER.**

THE HAGUE, May 28.—The Dutch Government to-day addressed a vigorous protest to Germany regarding the air attack upon the English trawler Agave on May 15. The captain of the trawler reported that while sailing off Ameland Island a German aviator flew over his vessel and dropped several bombs.

## SURROUNDING OF PRZEMYSL IS BLOCKED BY RUSSIANS

Terrific Artillery Fire Fails to Capture Coveted Railway.

RUSSIAN LINE SAVED.

Germans Left 2,000 Dead in Battle Southeast of Fortress.

BERLIN, May 28 (via London).—A reverse at the hands of the Russians in the fighting along the River San in Central Galicia is announced in to-day's statement from the War Office.

It is said the Germans in the region of the Sienawa, on the left bank of the river, were forced back and lost six cannon. The German positions, according to this announcement, were not defended by strong forces.

PETROGRAD, May 28.—The Austro-Germans have been decisively defeated in their attempt to surround Przemyśl by a grand assault. Official despatches to-day reported a lessening of the violent artillery attack launched by Gen. Mackensen in his attempt to reach the Przemyśl-Lemberg railway.

At no point on the east bank of the San is the enemy within twenty miles of the Russian line of communication. Mackensen planned to pierce the Russian right wing by an artillery and infantry attack and then to seize the railway. For twenty-four hours the enemy's artillery poured a torrent of fire against the Russians between Jaroslau and Przemyśl. At the same time a German force that crossed the San above Jaroslau, recrossed the River Lubomirka and struck at the Russian flank.

Between Przemyśl and Jaroslau, the chief danger point, the Slavs have checked the enemy. There is a marked diminution in the force of the Austro-German onslaught. On the east bank of the San, in the neighborhood of Jaroslau, fierce fighting continues, but the enemy's left wing is no longer advancing, and the threat against the railway is believed to have been definitely removed.

A great sea-saw battle between Stry and Kolomea continues without definite results.

**STORY OF SIGNALLING CAUSES ITALIAN MOB TO WRECK MILAN HOTEL.**

MILAN, May 28.—A violent anti-German demonstration broke out here during the night. Mobs stormed and ransacked the Metropole Hotel because of a rumor that signals had been flashed to the Austrians from the roof.

The Metropole is one of the larger hotels of Milan, situated in Piazza del Duomo. It is much patronized by tourists.

"Eighteen French aviators yesterday attacked the open town of Ludwigshafen (Alsace). Several civilians were killed or wounded by bombs. The material damage done by the raiders was slight. The leading armored white machine was forced to land at a point east of Neustadt and afterward the commander of the squadron of aircraft also fell into our hands in the neighborhood of Nancy. Our aeroplanes caused a separate aeroplane to fall at Epinal, and they set fire to the barracks at Clerfaut, eighteen miles south of St. Die."

**AUSTRIA TO SEIZE FOURTH OF ALL BANK SAVINGS FOR WAR LOAN, LONDON HEARS.**

LONDON, May 28.—A despatch to the Post from Budapest dated May 19 says an official proclamation which has been issued there indicates that 25 per cent of all bank savings will be taken for a war loan, and that a government decree will authorize banks to use one-quarter of their deposits for subscriptions.

**GILDED STATUE ON MILAN'S WHITE MARBLE CATHEDRAL DRAPED, FEARING AIR RAID.**

MILAN, May 27 (via Paris, May 28).—The gilded statue of the Virgin surmounting the central tower of Milan's celebrated white marble cathedral has been covered with cloth to prevent it from serving as a guide to Austrian aviators in their probable flight over the city. The stained glass windows have been boarded up, and they will not be shattered if the city is bombarded.
